

A Lifestyle of Choice

Vista Grande Villa is the only retirement community in the Jackson area that offers both lifecare residency and a lease option.

Lifecare - One of the distinct advantages of living at Vista Grande Villa is our ability to deliver a full continuum of quality, long-term health care, within the comfort and security of a familiar environment surrounded by friends, family and a highly trained, supportive staff.

This forms the essence of our exceptional lifecare program. Importantly, these services are offered as part of the overall lifecare package at Vista Grande Villa, and represent significant savings when compared to other types of senior communities or health care options.

Whether the need for care arises as a short-term requirement, or if longer-term care is necessary, Vista Grande Villa's 24 hour staffing can provide it for you. You'll no longer have to worry about what tomorrow may bring since a substantial portion of the cost associated with future longer-term care is included as part of your lifecare package. If a health challenge should arise, you have secured a lifetime of care at a significant savings in a familiar place surrounded by people you trust.

Lease - In addition to our lifecare program, Vista Grande Villa also offers a standard lease option. Perhaps you are looking for a short term lease with an opportunity to convert to lifecare residency at a later date. Or maybe you prefer a standard lease and "pay as you go" approach to your future long-term care. The lease options at Vista Grande Villa offer the same quality service package you have come to expect from our community without the commitment of an entrance fee. Whatever your preference may be, Vista Grande Villa has a lifestyle choice for you.

Your complete lifecare retirement community
