Our Continuum of Care...

A Variety of Lifestyles

Vista Grande Villa's service philosophy is based on respect for our clients and their right to make choices. Our housing options are designed so that residents can live at their highest levels of independence for as long as possible.

In all levels of our care continuum, **Independent Living, Assisted Living** and **Skilled Nursing** residents are provided social, cultural and educational activities along with a wide variety of special amenities. There's always something happening around our community!

In our **Independent Living Apartments** and **Carriage Homes**, residents enjoy a life free of household chores and maintenance duties. Instead of mowing the lawn, pulling weeds, or scrubbing the kitchen, our residents have left those chores for us while they go enjoy a show downtown or have lunch with friends. Come on over and hand in your cleaning supplies and garden tools! Meals, transportation and a wonderful array of social opportunities are available.

Our **Trellis Gardens Assisted Living** residents receive 24-hour assistance with daily living when needed. Bathing, dressing, grooming and medication reminders are provided by a staff of caring, trained professionals. Activities are scheduled every day so there are plenty of opportunities to socialize. Trellis Gardens offers a unique neighborhood concept, a respite suite for short term stays, and memory care for those with special needs associated with memory loss.

Our **Health Care Center**, certified for Medicare, provides intermediate and skilled nursing care to residents. Vista Grande Villa residents have priority access to the Health Center should the need arise. Individuals desiring short-term visits to recuperate from hospital stays will find outstanding rehabilitative care. The Health Center at Vista Grande Villa continues a tradition of providing the finest quality nursing services in a loving, nurturing environment.
